

VOLUNTEERING OPPORTUNITIES

As part of our commitment to providing an attractive and welcoming town centre, Kingston First contributes significantly to enhancing the appearance of public spaces; from seasonal planting through to graffiti removal and flower bed planting.

Throughout the year, we welcome the opportunity to work collectively with local businesses through a number of **Volunteering Sessions**.

Sessions are usually run for a couple of hours in the afternoon and no experience is necessary. We provide all tools and materials required, we would just advise wearing shoes and clothing suitable for the weather and that you don't mind getting a bit dirty or dusty.

Activities vary from session to session dependent on what is required at the time and include planting of flower beds, weeding, painting, graffiti removal and litter picking.

Dates for 2020

Wednesday 8 January
Wednesday 11 March
Wednesday 6 May
Wednesday 8 July
Wednesday 9 September
