

Windows of Belonging - Community Art Project

Anstee Bridge's 'Windows of Belonging' initiative, funded by our Community Fund, shines a spotlight on the independent businesses that make Kingston's community unique. Students created **artwork inspired by Kingston's independent businesses**, highlighting the unique character and contribution of these shops.

The project honours the people and places that help Kingston thrive, and **participating businesses are displaying the posters on their shop windows**.

Follow the artwork trail and explore Kingston's independent businesses:

- Electric Scorpion Tattoos
- Stone Hair
- YIOU Nails
